## La main gauche

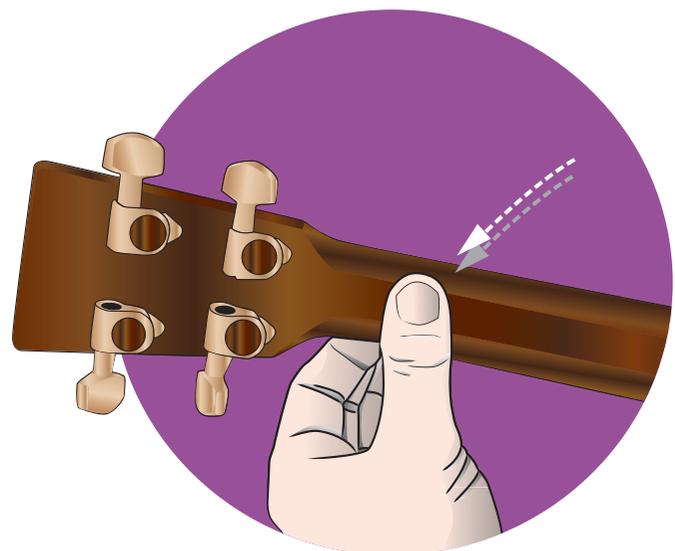

Les petits numéros au-dessus ou en-dessous des notes indiquent le doigté de la main gauche.

Les doigts de la main gauche jouent les notes en appuyant sur les cordes au milieu des cases, doigts perpendiculaires au manche et non pas à plat.

La paume de la main ne touche pas le manche.

Le pouce se place au milieu du manche face au majeur.

## *Hawaiian hula tune*

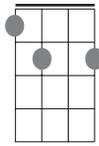

Un titre aux couleurs Polynésiennes pour convier un peu le soleil des îles. Voyez d'abord les accords, puis travaillez chaque rythme et pour finir enchaînez le tout.
